Human Impact on Ecosystems Mini Project

**Objective:** You will be picking a human activity from section 36.4 (or an approved alternative) to research more facts and solutions on.

**Details:** You will present your findings on a “poster” of 8.5’ x11” size, and use the information for an essay on the final exam. The poster will be worth 50 pts towards your exam grade (total points possible=150).

**Guidelines:**
1. You must pick a topic that is discussed in the book in 36.4 or have an alternative topic approved by me in advance.
2. You need at least 2 additional sources for your information.
3. You need to following information on your poster: source of problem, effects of problem on the ecosystem and its inhabitants, and solutions to the problem.
4. Include your sources on the back of the poster.
5. Include both a prominent title and your name on the front of the poster.
6. Include at least one picture to help illustrate the issue.

**Due Date:** Tuesday, May 24
